## Overview

**Accession Code:** SUV-NVAP-AS

**Principal Creators:** James C. Wright, Jack L. Davis, John F. Cherry, and Eleni Mantzourani

**Title:** Nemea Valley Archaeological Project Archaeological Survey (NVAP-AS) Survey Records

**Principal Dates:** 1983, 1984-1996

**Principal Language:** English

**Scope and Content:** The Nemea Valley Archeological Project Archaeological Survey (NVAP-AS) was a multifaceted project organized in 1983 by James C. Wright and co-directed by John F. Cherry, Jack L. Davis, and Eleni Mantzourani. Conducted under the auspices of the American School of Classical Studies in Athens, the primary aim of the project was to investigate, document, and explain changes in the history of prehistoric and historic settlement and land use within approximately 80 square kilometers centered around the Nemea Valley. The project employed intensive archaeological surface survey techniques while investigating the surrounding natural environment.

Series (and subseries) in the Nemea Valley Archaeological Project Archaeological Survey (NVAP-AS) Survey Records include: Administrative Records and Correspondence (Series I containing permits and grants; correspondence; and survey accounts), Survey Records (Series II containing notebooks; forms and find records; illustrative and photographic records; unpublished reports/records; and other survey records), Studies and Publications (Series III containing publication plans and assignments; original manuscripts submitted for publication; specialist studies; other records related to studies and publications), and Other Records (Series IV).

**Access:** The collection has been processed. Please contact the archivist for further information.

**Citation:** University of Cincinnati, Archives and Special Collections of the Department of Classics, Nemea Valley Archaeological Project Archaeological Survey (NVAP-AS) Survey Records
