Obituaries

The editors of *Nestor* are saddened to report the death of Ione Mylonas Shear. An authority on Mycenaean domestic architecture, Dr. Shear had in the past decade explored the connections between Homeric narratives and Mycenaean institutions, including most recently *Kingship in the Mycenaean World and Its Reflections in the Oral Tradition* (§050032.)

The editors of *Nestor* are saddened to report the death of Günter Neumann of the University of Würzburg. Professor Neumann was a distinguished scholar in the field of Cypriot syllabic epigraphy and published extensively on other languages within the chronological and geographic scope of *Nestor*, including the Phaistos disc, 'Hieroglyphic' Cretan, Linear A, and Linear B.

COMMUNICATIONS

From the Editors

The editors of *Nestor* remind all subscribers and subscription services that *Nestor* is not published during June, July, or August; *Nestor* 32.6 will be mailed in September 2005, and claims for that issue should not be filed before November of the same year. We wish readers a productive and enjoyable summer and hope to see you during our own research activities.

Grants and Fellowships

On 3 June 2005 applications are due for a **Bursary in Bioarchaeology** to support bioarchaeological research related to Greece or Cyprus, using the facilities of the Fitch Laboratory at the British School at Athens, which include modern reference collections for archaeobotanical and zooarchaeological research, together with work space, microscopes, and computing facilities. In addition to a bursary of €1400, the award includes free accommodation in the Hostel of the British School at Athens for 3 months during the period from October through December 2005. Further information is available from Dr. E. Kiriati, the Laboratory Director (e-mail: fldirector@bsa.ac.uk) or at <http://www.bsa.gla.ac.uk/>. Applications should include a CV, the names and addresses of two referees, a covering letter that includes a brief description of the proposed project (including aims, methods, materials, and schedule), and copies of any required permits for study and transfer to the Fitch Laboratory of bioarchaeological samples; applications can be submitted by post or e-mail to Fitch Laboratory Bioarchaeology Bursary, The Director, Fitch Laboratory, The British School at Athens, Soudias 52, 106 76 Athens, Greece; e-mail: fldirector@bsa.ac.uk.

Calls for Papers

On 30 June 2005 abstracts (150-200 words, including name, institution, and the title of the paper) are due for the **12th Neolithic Seminar: Prehistoric Gene Flow and Cognitive (r)Evolution: Inferences on the Neolithisation of Eurasia**, to be held from 10-13 November 2005 at the Department of Archaeology, Ljubljana University, Ljubljana, Slovenia. The objective of this seminar is to provide a forum for the discussion of cognitive evolution and symbolic transmission in correlation with prehistoric population genetic dynamics in Eurasia, with emphases on origins and diffusions of Y-chromosome haplogroups I, R, E and J and mitochondrial DNA variation in relation to the dispersals of Upper Palaeolithic and Neolithic hunter-gatherers and farmers, the evolution of cognitive structures and the systems of external symbolic storage, and a range of symbolic aspects of artefacts, rituals, and landscapes. Different case studies and theoretical approaches, including archaeology, archaeogenetics, anthropology, sociology, and psychology are welcome. All previous Neolithic Seminar proceedings are available in the periodical *Documenta*

Prehistorica XXI-XXXI. Abstracts should be submitted by e-mail to miha.budja@uni-lj.si; further information is available from Dr. Mihael Budja, Department of Archaeology, University of Ljubljana, Askerceva 2, 1000 Ljubljana, Slovenia; or from the web-site: <http://www.ff.uni-lj.si/arheologija/neolitik/seminars/s11.html>.

In September 2005 proposals (with ca. 100 word abstracts in English and French) for Colloquia or Workshops are due for the **XVth Congress of the Union Internationale des Sciences Préhistoriques et Protohistoriques (XVth Congress of the U.I.S.P.P.)**, to be held in Lisbon on 4-9 September 2006, with pre- and post-Congress excursions beginning and ending on 28 August and 17 September, respectively. Colloquia must be organized by at least two coordinators from different countries, with the aims of bringing together up-dated perspectives on a major relevant topic, and of leading to specific conclusions; workshops address new research topics, either not considered by the Commissions or having a limited thematic scope, with the aim of promoting discussion on these topics and suggesting guidelines for further work. In April 2006 proposals (with ca. 100 word abstracts in English and French) for papers are due. On 30 June 2005 the period for the lowest fees for registration for this Congress will end, with progressively rising fees for later registration dates. Registration forms, forms for submitting proposals, and a list of Colloquia and Workshops already proposed with abstracts and contact information, and further information are available at <http://www.uispp.ipt.pt/>, or from Secretary of the XVth Congress of the U.I.S.P.P., c/. This multi-disciplinary Colloquium aims to bring together archaeologists, Linear B scholars, medical historians, physical anthropologists, palaeopathologists, as well as other scientists working in the fields of nuclear aDNA, organic residue analysis, and stable isotope analysis, together with others who have a general interest. Sessions might include the following general themes:

Announcements

It gives us great pleasure to congratulate Joseph Shaw and Maria Shaw on their receipt of the Gold Medal for Distinguished Lifetime Achievement from the Archaeological Institute of America, to be presented at the annual meetings 5-8 January 2006 in Montreal. The AIA gives out one such award yearly for work in archaeology. The contributions of the Shaws in the subjects of Minoan architecture and frescoes are fundamental, in addition to their direction and publication at the excavations of Kommos on the south coast of Crete. The editors of *Nestor* join the AIA in saluting Joseph Shaw and Maria Shaw.
