Calls for Papers

On 14 February 2025 abstracts are due for the **11th Developing International Geoarchaeology Conference (DIG2025)**, to be held on 21-23 May 2025 at the University of Tübingen. Further information is available at <https://sites.google.com/view/dig2025/home?authuser=0>.

On 16 February 2025 abstracts (150-300 words) are due for oral or poster presentations at the **17th European Meeting on Ancient Ceramics (EMAC 2025)**, to be held on 10-12 September 2025, with a summer school 8-9 September 2025, in Bilbao, Spain. Further information is available at <https://emac2025bilbao.com/>.

On 7 March 2025 titles and abstracts (300–500 words) are due for a workshop entitled **Spaces and Landscapes of Production in the Aegean World and Beyond**, to be held on 12-13 June 2025 in hybrid mode as part of Sympozjum Egejskie: 10th Conference in Aegean Archaeology in Warsaw. This workshop seeks to explore the spatial dimensions of ancient production across all forms—e.g. crafts, food, architecture, and more—and across all scales of analysis, from localized extraction or production sites to broad landscapes. By examining the spatial distribution of archaeological evidence, the workshop aims to address the scale, technology, and organization (or, on the contrary, the disorganization) of production activities, as well as their social, political, economic, technological, environmental, and ritual context. While the primary focus is on the Neolithic and Bronze Age Aegean world, the organizers (Sylviane Déderix and Stephanie Aulsebrook) encourage a comparative approach and therefore welcome proposals addressing other regions or periods that offer cross-cultural or diachronic insights. Further information is available at <https://www.archeologia.uw.edu.pl/en/sympozjum-egejskie-10th-conference-in-aegean-archaeology/>.

On 30 March 2025 offers of papers in English (with their titles) and provisional requests to participate are due for a conference entitled **MEDICA: Studies in Honour of Robert Arnott**, to be held on 28-29 November 2025 in the Ashmolean Museum, University of Oxford. Contributions are invited from friends and colleagues from each of Robert Arnott's many and

varied fields, including but not limited to medicine, medical history, paleoepidemiology, and archaeology. Provisional registrations and offers of papers should be sent to Dr. Marie N. Pareja (indusaegean@gmail.com): further information is available at https://www.academia.edu/126923538/Call_for_Abstracts_MEDICA_Studies_in_Honour_of_Robert_Arnott.
