Grants and Fellowships

On 31 January 2027 applications for grants (small—up to £4,999—or large—£5,000–£10,000) are due to the **Mediterranean Archaeological Trust**. Within the terms of the Trust, priority may be given to projects concerning the Bronze Age in particular, and Mediterranean sites in general, however the trust funds research from a diversity of sites and eras and grant making is within the complete discretion of the Trustees. Grants must be used to expedite publication. Further information and forms for both types of grants are available at https://medarchaeotrust.com/.

On 15 March 2027 applications are due for both the **Margo Tytus Visiting Scholars Program** and the **Cincinnati Summer Residency Program** for 2027-2028. Margo Tytus Visiting Scholars are usually expected to be in residence at the University of Cincinnati for a one semester (ca. four months) during the regular academic year — rarely a shorter period or two semesters. Tytus Scholars receive a monthly stipend of $1,500 plus housing near campus and a transportation allowance, as well as office space attached to the Burnam Classics Library.

Applicants for the Cincinnati Summer Residency program who would benefit from the use of a world-class Classics library will have their PhD in hand by the time of application and will ordinarily be in residence at the University of Cincinnati for the summer term, May to mid-August. Cincinnati Summer Residents receive housing near campus, office space attached to the Burnam Classics Library, and a travel allowance. Further information and application forms are available at https://classics.uc.edu/humanities/classics/tytus.
