COMMUNICATIONS

From the Editors

The editors would like to announce the unveiling of the Addenda section which may be found following the Dissertations in Progress section below. As the primary objective of the Addenda section is the improvement of the on-line database as a searchable resource, we intend to avoid overloading the paper version of *NESTOR* with large numbers of old articles. While we will enter all addenda into the database and then make them available on diskette, only "stray" articles and books not part of a series of omissions will be included in the paper edition. However, we will alert readers of impending additions to the database. This month, look for the contents of *Hydra* (1985-1991) and the *Temple University Aegean Symposium 9* (1993). We would like to thank those individuals who have submitted items for this section and the Dissertations in Progress section.

The 1997 *NESTOR* bibliography is now available on diskette (as structured ASCII files) for Macintosh and IBM-PC. Subscribers may request diskettes from the above address by sending \$4.00 (if you have a U.S. address) or \$6.50 (for international addresses), payable to the University of Cincinnati; please specify Macintosh or IBM-PC version.

Finally, the editors would like to notify readers of *NESTOR*'s new email address: NESTOR@CLASSICS.UC.EDU.
