#### *Aegean News in Brief*

The Department of Classics at the University of Cincinnati has been given by Emmett Bennett a hand-bound volume entitled *Glossary of Pre-1952 Tablets* signed M G F V. It is hand written in blue ink, with the notations 'Confidential: OCTOBER 53' and the title 'GLOSSARY OF 1556 LINEAR•B SIGN-GROUPS' on the first inside page.

Preliminary inquiries have not revealed other copies of this document, unlike much of Ventris' work, which was produced in multiple copies and circulated among a mailing list of

scholars interested in Linear B; moreover, the notation of ‘*Confidential*’ in the upper right corner of the first page appears to indicate that this volume is different.

Ventris’ *Glossary of Pre-1952 Tablets* will be on display at the entrance to the John Miller Burnam Classical Library from 15 February 2004. If any other copies of this document are known, please contact Carol Hershenson, Department of Classics, University of Cincinnati, P.O. Box 210226, Cincinnati, OH 45221-0226, USA; telephone: (513) 556-3095; fax: (513) 556-4366; e-mail: hershenson@classics.uc.edu.
